## GT PRE-FILTER WRAP & SOCKS

### Description

Pre-filter wraps add an additional stage of filtration and extend the service life of the primary/final filter. These medium efficiency polyester pre-filters are designed to capture large particles, airborne fibers, seeds, insects, etc., before they reach the final filter.

EFS pre-filter wraps and socks are comprised of 100% non-shedding, gradient density polypropylene fibers which makes them ideal for wet/high-moisture environments. Filter wraps include Velcro strap for ease of installation. Socks slip snugly over filter.

EFS pre-filter wraps are designed to extend the life of your air intake filters. For use with Donaldson, AAF, Camfil, EFS, GE (Clarcore/Altair), Pneumafil, TDC, TVS, Viledon, and equivalent GT inlet air intake filter brands.

Single piece design of GDX/GDS cartridge wrap allows for easy installation and change out during operation.

Inner filter/liner for LM6000 composite filters.

Velcro strap keeps wrap firmly in place.

Pre-filter wraps for G.T. cartridge filters include Velcro strip for secure closure.

V-Sock for use with any V4-bank mini-pleat.

Neatly sewn seams for strength and durability.

PART NO.	DESCRIPTION	FILTER USED FOR
F-SOCK-22	Pre-filter sock for 22" canister filters	22" Cylindrical Cartridge
F-WRAP-22V	Pre-filter sock for 22" canister filters w/ Velcro closure	22" Cylindrical Cartridge
F-SOCK-26	Pre-filter sock for 26" canister filters	26" Cylindrical Cartridge
F-WRAP-26V	Pre-filter sock for 26" canister filters w/ Velcro closure	26" Cylindrical Cartridge
F-SOCK-GDX	Pre-filter one-piece sock for GDX style filters	26" Cylindrical/Conical Cartridge Pair
F-WRAP-CMPST	Pre-filter inner wrap for composite style filters	LM6000 Composite Filter
F-WRAP-CMPST-S	Pre-filter inner wrap for composite style filters w/ plastic Velcro strap (Blue Filter Media, 26" x 46")	LM6000 Composite Filter
F-SOCK-CMPST-SB	Pre-filter inner wrap for composite style filters with bottom & plastic Velcro strap	LM6000 Composite Filter
F-SOCK-V2424	Pre-filter sock for 24x24x12 V-Bank Filters	24x24x12 V4 bank filters
F-SOCK-V2024	Pre-filter sock for 20x24x12 V-Bank Filters	20x24x12 V4 bank filters
F-SOCK-V1224	Pre-filter sock for 12x24x12 V-Bank Filters	12x24x12 V4 bank filters
F-WRAP-V2541	25" x 41" Cartridge Filter wrap w/Velcro	41" Cartridge filters

<b>Efficiency</b>	G2 – F5
<b>Rel. Humidity</b>	100%
<b>Media</b>	Depth loading polypropylene fibers
